How to connect to JCC Staff Wireless Network for Mac OS X

Step 1: Click the **wireless network icon** located at the top right of the screen.

Step 2: Click on **JCC-Staff**.

Step 3: Type your **AD Network Username**. Press tab and type your **AD Network password** (username and password are the same information used to logon campus computers). Click the **Ok** button.

Step 4: Click on the **Continue** button. You are now connected to the **JCC-Staff** wireless network.

If you cannot connect or have difficulties connecting, please contact the helpdesk.
