

JEFFERSON COMMUNITY COLLEGE
Registration Prior to Transfer Credit or Prior Learning Evaluation

Students are required to read the cautionary note below and acknowledge that they understand and accept the risks associated with registering for classes prior to the official evaluation of transfer credits.

I fully understand that Jefferson Community College (JCC) requires an official college transcript for the official evaluation of transfer credits and that it is my responsibility as a student to ensure that official transcripts for all previous college coursework I have taken is/are received by JCC. Further, I understand that registering for classes prior to the official evaluation of my transfer credits could result in selection of courses that may not fulfill degree requirements and/or a duplication of credits, and that doing so may affect my tuition bill and financial aid award. I acknowledge and accept these risks.
